THE OPOSSUM ✓

"The Opossum" is another offering of the series of "Adventures of Bill and Bob", showing the woodland exploits of the youthful hunters and trappers. The opossum is one of the most commonly known animals of North America and is usually hunted at night with dogs. In this instance "Rags" is given the honor of treeing the little animal. The opossum, when captured, performs its well-known characteristics -- that of "playing 'possum'" and pretending that it is dead. For good measure, the two boys take a hand at duck hunting with humorous results.
